

Each year the Moore Soil and Water Conservation District sponsors a student to attend the Resource Conservation Workshop. This workshop is also sponsored by Carolina Farm Credit, NC Chapter of the Soil and Water Conservation Society, the Soil Science Department of NC State University, the NC Association of Soil and Water Conservation Districts and the NC Soil and Water Conservation Commission.

Any rising Sophomore, Junior or Senior is eligible to attend. The workshop focuses on ways to conserve our natural resources. Topics to be covered are: soil characteristics and soil conservation, wildlife and fisheries management, nonagricultural uses for soils and water quality and watershed management. There is also some recreational time for the students.

For more information, contact Penny Morgan or Jeanette Fuller at 947-5183 ext 3 or come by the office in the Agricultural Building on Pinehurst Avenue in Carthage.
